

Maple Class Homework Choice Grid
Autumn term 2

As well as completing your Mathematics homework and reading daily, please choose one piece of homework from this grid to complete **each week** and bring your completed work into school on a **Friday**. You can present your work in any way you like, but please take your time to ensure you have completed your work to the best of your ability, that you include everything asked of you and that it is presented neatly to a high standard. Get creative! Great examples of homework tasks will be celebrated in class and will be displayed in school.

Write a list of at least 5 questions that you would like to ask a Stone Age person.	Research Stonehenge, write a tourist leaflet and design/make an ancient stone circle or a replica of Stonehenge. Be creative in the way you make your stone circle.	Create a leaflet for 'How to survive the Stone Age.' Imagine you are transported back to the Stone Age and need a guide to help you survive. What would the guide say? What tips would it have? Use ICT, if you wish.
Draw and label a Stone Age person. Can you add any similarities and differences compared to us?	Stone Age people made many tools. List as many tools as you can think of. What were they called, what were they made from and what were they used for? Stick or draw a picture next to each description.	Stone Age people and modern people have many differences. Do you think they shared anything in common? Write what you think.
